Jaipur, Rajasthan, India

Summary

I am a Computer Science student at Poornima Institute of Engineering & Technology, where I am pursuing my Bachelor of Technology degree. I am passionate about learning and applying new technologies to solve real-world problems, and I have multiple patents in the fields of sustainable agritech and QR code payment authentication, demonstrating my creativity and innovation.

I am also an active leader and organizer in various student initiatives and events. I currently serve as the Vice Chair of the PIET ACM Student Chapter, where I coordinate and facilitate workshops, seminars, and competitions for the computer science community. I am also the Secretary of the PIET AICTE IDEA LAB, where I contribute to the development and implementation of ideas and projects that enhance the quality of education and research. Through these experiences, I have developed and honed my skills in C++, Microsoft PowerPoint, leadership, and communication. I am always eager to take on new challenges and opportunities that allow me to grow and collaborate with others. My goal is to become a proficient and impactful coder who can make a positive difference in the world.
